Hi Briana,

We already host drifting events with ND Drift and burnout competitions in collaboration with Fargo Cars & Coffee.

We've looked into your group online and based on the illegal activity showcased and promoted by Midnight Mafia on social media, we have to decline hosting your group.

Your members are welcome to attend and drive in our public events, but we cannot in good faith trust that Midnight Mafia would respect our facility or staff for their own dedicated event.

We may be open to revisiting this in the future if the group can clean up its act, but not for 2027.

Thanks,
Marissa - Interstate Raceway

Pit we mean like a place to do burnouts and spinning the car. Something like the video attached this was at an event a different group did in Minneapolis

Hi Briana,

I can reach out to management about the rev competition and general meet. Can you clarify what you mean by "a pit" for an event? Are you talking about a burnout competition or something like PIT maneuvers?

Thanks,
Marissa - Interstate Raceway

Hi Brianna,

We currently don't offer private rental of the drift track. What events are you looking to host at Interstate Raceway?

Thanks,
Marissa - Interstate Raceway
